

# Miraj Pipaliya

AI & Data Science Student

6351411533 | mirajpipaliya88@gmail.com | [LinkedIn](#) | [GitHub](#)

## OBJECTIVE

Passionate and enthusiastic AI & Data Science student seeking an opportunity to apply full-stack development and analytical skills in a professional environment. Eager to contribute to innovative projects while continuing to grow as a developer.

## EDUCATION

### Bachelor of Science — Artificial Intelligence & Data Science

KN University

Currently Pursuing

## EXPERIENCE

### Web Development Intern

NR Crew

2024

- Worked on real-time web development tasks across the full project lifecycle.
- Collaborated within a professional team — turning requirements into functional features.
- Debugged issues under production constraints and delivered within tight timelines.

## PROJECTS

### HR Resume Screening System [🔗 hr-resume-system-intern.onrender.com](#)

Python · Flask · MySQL · NLP · REST API · Render

- Built an intelligent HR tool that automates resume parsing and candidate screening against job descriptions.
- Reduces manual screening time and improves hiring accuracy through AI-assisted keyword matching.

### Gym Website

React · Tailwind CSS · Responsive Design · Component Architecture

React & Tailwind CSS

- Developed a fully responsive gym landing page with dynamic components: membership plans, schedules, trainer profiles.
- Designed for mobile-first UX with clean component architecture and reusable layout sections.

### Weather Application

JavaScript · REST API · HTML5 · CSS3

JavaScript

- Fetches and displays real-time weather data with live city search, current conditions, and forecast display.

### Flask Login & Contact System

Flask · MySQL · Python · HTML5

Flask · MySQL

- Full-stack app with secure user authentication, session management, and persistent contact form data storage.

## SKILLS

**Programming Languages:** C, C++, Java, Python, JavaScript

**Web Technologies:** HTML5, CSS3

**Frameworks:** React, Flask

**Styling:** Tailwind CSS, Responsive Design

**Database:** MySQL

**Other:** Git, REST APIs, Render

## CERTIFICATIONS

Python for Beginners — HackerRank

Introduction to AI — IBM

## LANGUAGES

English, Hindi, Gujarati

## STRENGTHS

Quick Learner & Adaptive | Strong Communication | Time Management | Team Collaboration
